Programs & Activities*

## APRIL REFRESHER TRAINING ON WATER INFRASTRUCTURE ESIA'S

The Environment Institute of Kenya successfully conducted the April Monthly Refresher Training on "**Water Infrastructure ESIA's: Enabling High-Quality Reporting in Water Infrastructure Projects.**" The session focused on enhancing the capacity of environmental practitioners in undertaking effective Environmental and Social Impact Assessments (ESIAs) and Environmental Audits (EAs) for water infrastructure projects in Kenya.

Water infrastructure developments such as dams, boreholes, and water supply systems are critical for socio-economic development but may also pose significant environmental and social impacts if not properly planned and managed. The training provided practical insights into integrating ESIA requirements into project planning, design, and implementation to promote sustainability, regulatory compliance, and effective stakeholder engagement.

Key areas covered during the session included:

1. Fundamental engineering design elements in water infrastructure projects
2. Technical planning phases including pre-feasibility, feasibility, and detailed design
3. Breakdown of water system components for effective environmental assessment
4. Applicable ESIA standards, references, and regulatory guidelines for water infrastructure projects in Kenya

## EIK OFFICE ACQUISITION TASK FORCE GROUP

On 17th April 2026, the EIK Office Acquisition Task Force convened to review the progress made towards acquiring office space for the Institute. The meeting highlighted key milestones achieved, including stakeholder consultations, identification and assessment of potential office spaces, and ongoing evaluations to ensure suitability and sustainability.

Members discussed strategic considerations aimed at securing an office space that aligns with EIK's operational needs and long-term objectives. The task force reaffirmed its commitment to a transparent and efficient acquisition process and agreed to continue engagements and evaluations before making final recommendations to be presented to members for adoption on the most suitable office space for the Institute.

## ENVIRONMENTAL, SOCIAL, AND GOVERNANCE (ESG) (COHORT 2)

The Environment Institute of Kenya invites applications for an upcoming Environmental, Social, and Governance (ESG) Training Course, designed to build capacity in sustainability reporting and responsible corporate governance.

As ESG disclosures become a regulatory and stakeholder expectation, this course will equip participants with practical knowledge on ESG principles, compliance frameworks, and reporting standards. Participants will gain critical insights into how organizations can create long-term value while contributing positively to the environment and society.

### ESG COURSE DETAILS

Start Date: 8-26 June 2026

Duration: 3 weeks

Delivery Mode: Virtual

Training Fee:

Members- Ksh. 9,000

Non- Members- Ksh. 15,000

**REGISTRATION LINK: [HTTPS://TINYURL.COM/EIKESGCOHORT2](https://tinyurl.com/eikesgcohort2)**

Certification: Certificates will be awarded upon successful completion of the course.

# ENVIRONMENT INSTITUTE OF KENYA TECHNICAL WORKING GROUPS

- 1 Environmental Impact Assessment (EIA) TWG
- 2 Environmental Educators TWG
- 3 Water Resource Management TWG
- 4 Waste Management TWG
- 5 Climate Change TWG
- 6 Biodiversity / Natural Sciences TWG
- 7 Built Environment and Construction TWG
- 8 Energy – Clean and Renewables TWG
- 9 Environmental Policy and Governance TWG
- 10 Environmental Advocacy TWG
- 11 Environment, Health and Safety (EHS) TWG

In the month of March, the Institute commenced the inauguration of EIK Technical Working Groups (TWGs), marking a significant step in strengthening professional engagement and collaboration among environmental practitioners within the Institute.

The process Covered together members from diverse environmental disciplines and areas of professional interest to formally establish and operationalize the TWGs. Membership to these groups is based on members' areas of specialization, professional background, and specific interests within the environmental sector, thereby providing a structured platform for experts to actively contribute to technical discussions and sectoral development.

As part of the inauguration process, members participated in the selection of leadership teams to guide the operations of the respective working groups.

To join any Technical Working Group under the Environment Institute of Kenya, kindly note that participation is open to registered EIK members only. Interested members are therefore required to ensure that their membership details and professional documents are updated in their personal EIK portal.

# CALL FOR SUBMISSION

## MEMBER PRODUCT SHOWCASE, ARTICLES & PUBLICATIONS

The Environment Institute of Kenya invites all members to submit their products, innovations, articles, books, and other professional publications for EIK upcoming Member Showcase initiatives and events.

This platform is designed to highlight member contributions, promote innovation, and enhance knowledge sharing within the environmental sector. Members are encouraged to submit work such as environmental innovations, research articles, technical reports, policy briefs, manuals, case studies, and books. The initiative aims to increase visibility of member achievements, strengthen collaboration, and create a knowledge base that supports evidence-based environmental decision-making.

For more information, kindly reach out to the EIK office line through the official contact channels.

Sign up to unlock Green MSME Growth Opportunities

# EU SWITCH Kenya GREEN TUJENGE PAMOJA

Advancing Kenya's Circular Economy Through MSMEs

Are you an MSME in the Plastics, Organic waste, or Textiles value chains?

SCAN THE CODE  
TO SIGN UP

The program aims to provide targeted support to MSMEs through capacity building on circularity, adoption of circular business models, investment-readiness training, and seed funding to support growth and scaling of the enterprises.

## OPPORTUNITY FOR MSMEs

Do you know a Micro, Small, and Medium Enterprise (MSME) operating within the textile, plastics, or organic waste value chain?

The EU SWITCH Kenya GREEN – TUJENGE PAMOJA Program is inviting eligible MSMEs to apply for a circular economy support initiative aimed at strengthening sustainable businesses through:

- ✓ Capacity Building
- ✓ Business Growth Support
- ✓ Sustainability & Circular Economy Solutions

📍 Target Counties:

Nairobi, Kiambu, Nakuru, Machakos, Makueni, Mombasa, Kilifi, and Kwale.

Priority consideration will be given to:

- Women-led enterprises
- Youth-led enterprises
- Persons with Disabilities (PWDs)-owned enterprises
- Minority groups-owned businesses
